**SUBJECT: Notification of Advance Food Company violation  
of Child Nutrition (CN) labels**

**CONTACT: Kimberly Loveland**

**PH: (801) 538-7562**

It has come to our attention that two manufacturing plants producing product under the Advance Food Company name have made unauthorized changes to CN label approvals. The unauthorized changes resulted in the credit for meat/meat alternate and/or bread alternate to be less than the amount claimed on the originally approved CN label.

The following course of action, as supported by the regulations, has been taken against the Advance Food Company, establishment number 1932, located in Garland, Texas; and the Advance Food company, establishment number 2260E, located in Enid, Oklahoma: the labels and CN numbers for the following products are not warranted by the Department of Agriculture and are barred from use as a CN label because they do not meet the credit claimed on the CN label:

CN Number	Establishment Number	Product Name and Code
069662	1932	Flamebroiled beef patties CN5117
069283	2260E	Beef steak fritter for a biscuit CN79020-20
064321	1932	Breaded chicken fried beef pattie 04080-761 FMB 45178

Label rescindments are permanent-the manufacturer may no longer produce product or ship product having the CN numbers identified above. A new CN label must be approved to credit the meat/meat alternate and/or bread alternate.
